

Wakefield High School Seniors

On-Site Admission Visits

Seniors who are interested should complete their college application(s) ahead of time, and then sign-up for on-site admissions in Student Services (except for Wake Tech, which is online on the WHS St. Svs. webpage).

On-site appointments are first come, first serve and signups will be available online. Announcements will be made on the intercom and on the WHS website when sign-ups begin for each visit.

Students will need to complete the college application, provide *official* SAT/ACT scores, and have any other required documents such as application fee ready for the on-site interview. WHS will provide the student's transcript.

Wake Tech does not require SAT/ACT scores or an application fee.
